HEADLICE

A few parents have mentioned that their child has had an infestation of head lice. **Everyone needs to act at the same time in order to contain the problem.** Please be vigilant and check your child's hair regularly. If lice/eggs are present, regular repeated combing with a fine toothed comb will remove them from the hair. Please ensure that long hair is securely tied back, well away from face and shoulders. This will help prevent the spread of lice from child to child. Please inform school if your child has an attack of head lice
