

## STATEMENT OF SPECIAL EDUCATIONAL NEEDS AND DISABILITIES

At Bramcote C of E Primary School, we believe that “Children are a blessing and a gift from the Lord.” Psalm 127-3. We are committed to providing an appropriate and high-quality education to all the children in our care. We believe that all children, including those identified as having a Special Educational Need or a Disability (SEND) have a common entitlement to a broad and balanced academic and social curriculum and are enabled to be included in all aspects of school life.

Children are all different and make progress at different rates. They have different ways in which they learn best. Our teachers take account of this in the way they organise their lessons and teach. Children making slower progress or having particular difficulties in one area may be given additional support or provided with different levels of work to help them succeed and be the best they can be.

Here at Bramcote C of E Primary School, it is our vision that all children will have “Life in all its Fullness” and to ensure that all children receive this no matter what support they may need. Our pupils will be encouraged to challenge themselves, develop independent strategies and become the most efficient learner possible. Neurodiversity is celebrated and children’s strengths are identified and nurtured to ensure that our pupils grow up having a positive self-image, where differences are embraced and celebrated.
